FIFTEEN CENTS

THREE CAR FATAL CRASH — What's left of the Datsun driven by Ralph Gunderson, 44, Chicago, is shown above. Gunderson was killed in three car collision on Rte. 173, just east of Deep Lake Rd., on Thursday, Sept. 18. Below is one of other cars involved in accident driven by Stephen Young, 49, Antioch, who was taken to Victory Memorial Hospital by the Antioch Rescue Squad with bleeding wounds. The third car was driven by Robert Rumps Jr., 19, Lindenhurst, who, according to the Lake County Sheriff's Dept., was charged with causing the accident when he tried to pass Gunderson from the rear. Failing, he pulled back behind Gunderson traveling so fast that he hit him from the rear and pushed him into the other lane where Gunderson's vehicle was struck by the one driven by Young. Rumps was charged with reckless homicide, driving while intoxicated and three other traffic violations. — Photo by Gloria Davis.

Sept. 29 is opening date for Senior Citizen Center

The new Antioch Senior Citizen Center is slated to be in operation as of Monday, Sept. 29.

"We'll probably have a ribbon cutting ceremony for the opening," says Mayor Michael Haley.

Many of the area's seniors are anxiously awaiting the center's opening. One of them is Esther Aiani, assistant state director of the American Association of Retired Persons and an appointed officer of AARP, the nation's largest organization dedicated to helping older Americans achieve independence, dignity and purpose in retirement life.

Esther was out looking over the building last week and expressed the anxiousness with which its opening was being awaited by her's and other senior organizations.

While expressing her appreciation for the center, Esther also gave vent to her doubts as to the suitability of the center's size.

"It's fine now, but we have so many seniors in the area, I hope we don't outgrow it too quickly," she said.

She mentioned that several smaller and less affluent communities in the area have had larger senior centers for some time and

said that she was really happy that Antioch had finally gotten a center of some kind.

The main area of the center that remains unfinished, and will do so for an undetermined time, even after the center opens on Sept. 29, is the landscaping between the street and the entrance and the blacktopping of the driveway, parking lot and the possible surfacing of the area connecting with the United Methodist Church.

At present the mayor says that the seniors are expected to use the graveled driveway off of Depot St. by the Sawmill.

"Right now we don't have the money to complete the blacktopping around the center and specific plans for it have not been decided upon," says Haley.

"We are seeking funding, which at this point is not in sight but those things can change monthly," Haley continues.

The board is still in discussion with the United Methodist Church whose driveway is adjacent to the north end of the building about connection to the driveway, giving access of Rte. 83, with no decision as to whether the church will even entertain the idea.

"We hope to have the completion funds within the next fiscal year," Haley says.

Levas lawsuit legal fees under question

At the last village board meeting, the Antioch Village board instructed Village Attorney Andrew Lynch to write to area municipalities enlisting their financial aid and moral support in fighting the lawsuit that Levas T Shirts has instituted against the board in connection with the passing of an ordinance banning the sale of drug paraphanelia in the village limits.

Ernie Levas, who claims that the village passed the ordinance against the sale of paraphanelia only after he had opened a business on Main St. in Antioch, he lost the first court battle in the Lake County courts and has appealed the case which is waiting on the agenda in the appellate court.

Peter Levas, a partner in the business, claims to have already spent \$5,000 on the legal battle but says that they intend to spend anything that is necessary to win the fight against the ordinance.

He is confident that they will get all the legal fees back when they win the case and

are able to sell the paraphanelia.

Levas says, "We are fighting for what is right," when giving the reason for his confidence in eventually winning the lawsuit.

Attorney Lynch, when asked about the village's insurance coverage against litigation says that the coverage carried by the village with Arthur J. Gallagher and Co., Rolling Meadows, is not clear in a situation such as this.

The matter is presently under investigation by the insurance company.

Lynch says, "Ultimately the insurance company will make a determination whether or not they will pay any or all of the legal fees that the village might incur in fighting the lawsuit."

Lynch continues, "If the village does not agree with the insurance company's decision it is possible that the village may sue the insurance company."

So far the village has spent \$12,000 on the Levas case which pays the bill through the appellate court.

Mayor Michael Haley says that he and the board contend that they didn't know that Levas intended to sell the paraphanelia until after he had opened the store and that the ordinance had been passed because the board felt that a municipality had the right to control these things.

When asked if he still felt that the spending of the money and all the legal complications were worth it, Haley says, "The board decided that when they went into the legal battle."

ACHS Board okays budget

Senior girls, Rosalie Aschbacher, Jan Ditzig, Lisa Holmes, and Sally Reljic reported their experience at the Illinois Teenage Institute at the last meeting of Antioch Community High School Board.

The meeting was on substance abuse held at Allerton Park, Monticello for one week this past summer.

The girls were sponsored by Antioch Township. Students selected to attend are leaders in the Antioch Community High School Peer Group Program.

They are chosen based on the number of hours they devote to the program leading small groups of freshmen in activities, assisting in communications and self awareness meetings.

The 1980-81 budget totaling \$5.1 million was adopted at the conclusion of the public hearing held in conjunction with the regular board meeting.

Principal Arthur Blecke reported the results of the building survey made regarding Public Law 504, accessibility for handicapped. The board authorized investigation into the cost to complete meeting the basic federal requirements.

The board also received the information two graduate courses, "Improvement of Instruction" and "Introduction to Research", taught by Dr. Neil Armstrong of Northern Illinois University, are being offered for staff on Saturdays and Monday late afternoons.

AGHS celebrates activities week Starting Sept. 28-Oct. 4,

Antioch Community High is joining schools across the country to celebrate National High School Activities Week, September 28 to October 4, 1980.

Mr. Lear, the Athletic Director, indicates the week will emphasize the value of athletic and non-athletic activities programs to both the student participants and the community as a whole.

The activities program of Antioch Community High School involves 329 boys, 267 girls in athletics and some 697 boys and girls in the non-athletic activity, for a grand total of 1293.

This involves 72 percent of the student body, while using only 4 percent of the school budget. This is a tremendous bargain for the community.

WE HOPE the community and the various local groups will help us make the week a great success by supporting our high school groups by their attendance and in any other way that they might wish to attempt.

It is a known fact that students that are active in high school activities have the best record concerning attendance, achievement, attitude, being top-notch citizens, and completing high school. Our local dropout rate is far higher among those students that do not participate in our many activities.

WE ARE fortunate in having nine sports for girls and eight for boys.

In many of the sports we run from two to as many as six schedules and levels in each of these 17 sports.

Along with this fine athletic program, there are numerous outstanding activities in which students can participate and excel.

Mr. Olisar has an outstanding band program, Mr. Brooke is in charge of a very comprehensive choir and choral activities.

We have a busy high school schedule of events for the special week Sept. 28 to Oct. 4.

The following events are taking place during the week. Please try to support these activities with your attendance and encouragement of the many fine young people involved:

Sophomores shut-out Wauconda

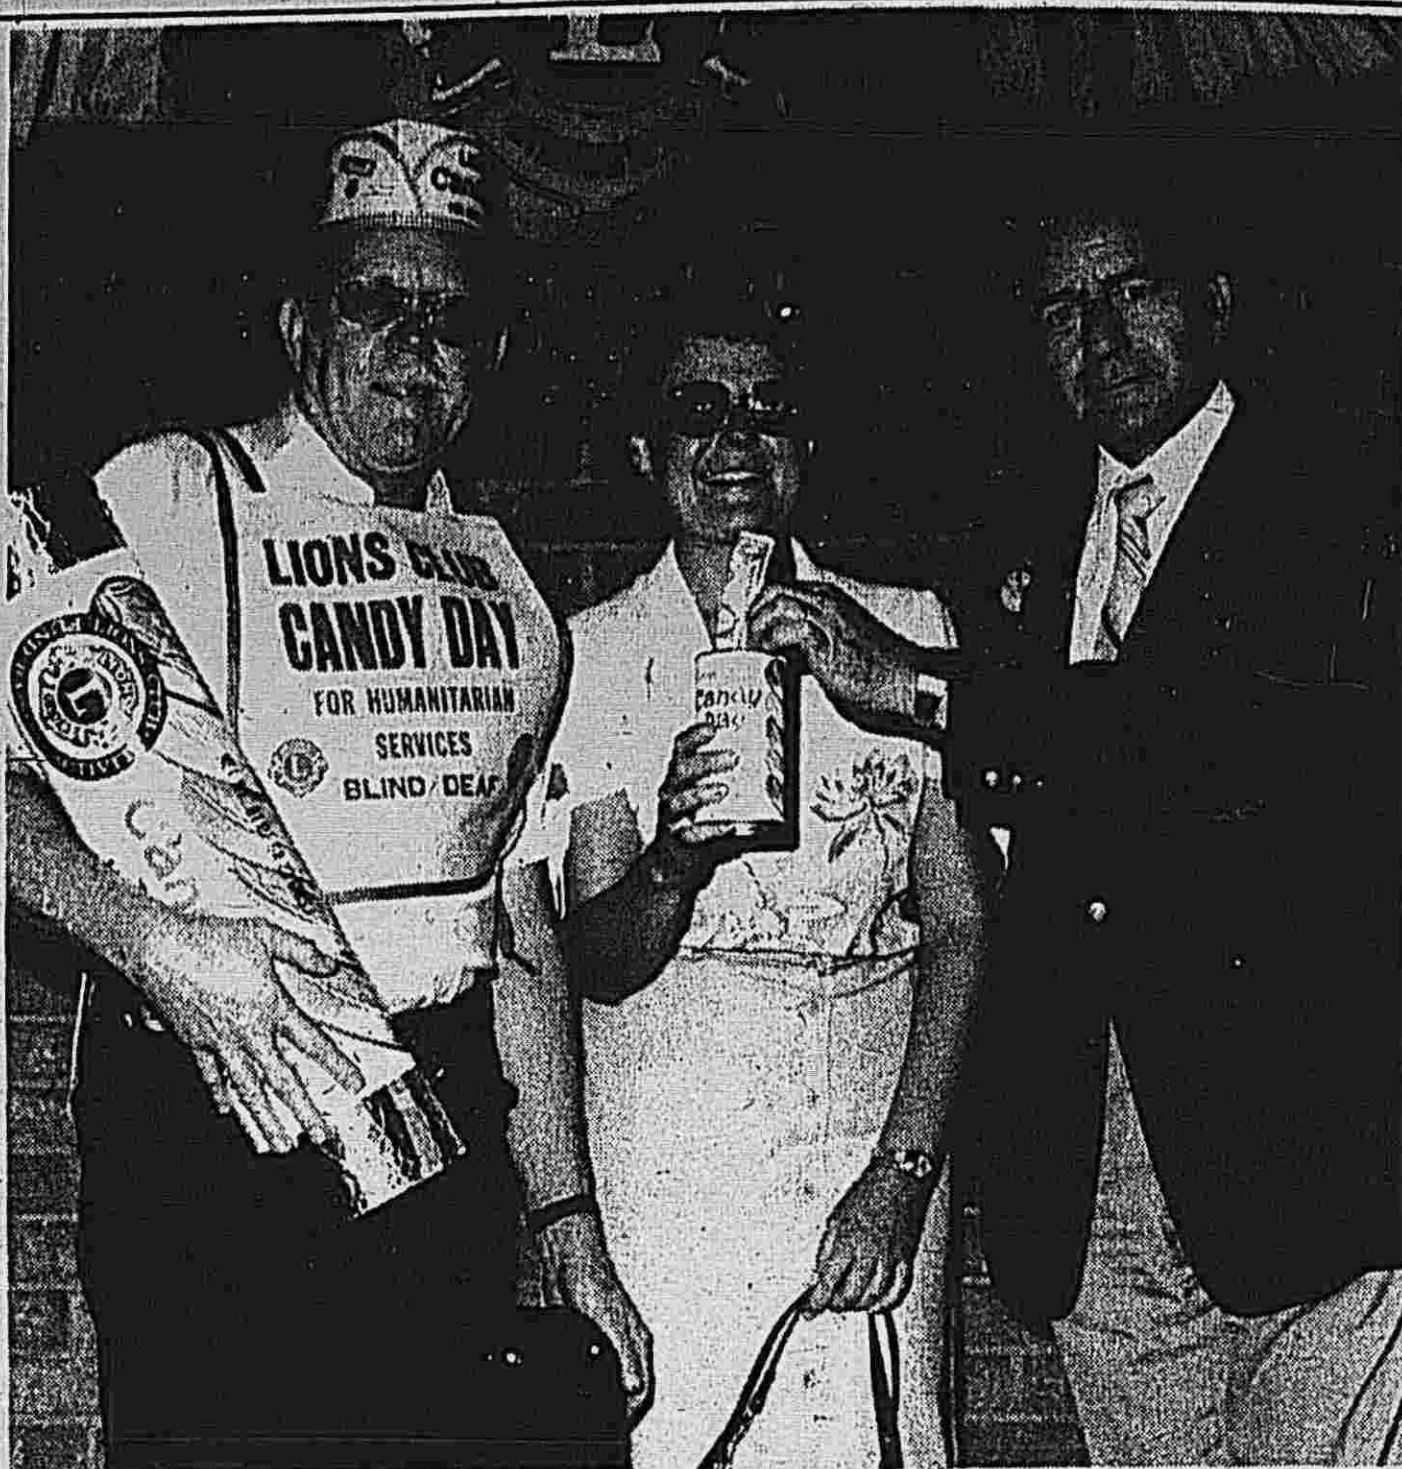

Maybe the Antioch Community High School's varsity football team lost to Wauconda on Saturday but not so their younger counterpart.

The sophs marched over the Bulldogs by a score of 21-0 on Friday triggered by Tim Hartokolis whose catching of a deflected punt in mid-air led to a 22 yard run for the Sequoits first touchdown.

George Bessette and John Silanoff were responsible for the other two Antioch touchdowns with Derek Olsen continuing his perfect average so far this season by making good all three kicks for the extra point.

The Wauconda Bulldogs were held to 92 yards on the ground while the Sequoits handily moved the ball down the field for 176 yards.

Antioch's quarterback Tom Adams had a 50 percent average as he was good for five out of ten pass attempts to gain 48 yards.

Views On Dental Health

By

ROBERT J. PAULETTI, D.D.S.

Smoking And Oral Cancer

You already know that smoking can be instrumental in the cause of bronchitis, lung cancer, emphysema and heart disease. But what does smoking have to do with oral health? It affects your whole mouth in many ways — none of which are beneficial.

By far, the most serious risk is the development of oral cancer. Smokers have a four times greater risk of oral cancer than non-smokers.

Tobacco in any form can cause cancer of the mouth and throat. So don't think you can avoid cancer by switching from cigarettes to a pipe or cigars. If you must smoke, be certain that you have an excellent diet, especially avoiding caffeine, sugar, white flour, juices, milk, and alcohol. Such a diet will build increased resistance to all

degenerative diseases. This year an estimated 24,000 people will be stricken by oral cancer. Within five years many of these people will be dead. Each year, approximately 8,000 people die from oral cancer. One of the reasons for this high death rate is that oral cancer victims do not recognize the need to see their dentist or physician until it becomes too late for treatment to be successful. Yet ironically, mouth cancer is one of the few varieties that can be easily recognized by a visual diagnosis in its early stages.

A public service with the aim of promoting a better dental health environment. From the office of: ROBERT J. PAULETTI, D.D.S., Route 1, Antioch. Phone: (312) 395-1363.

Along the way with ANNIE MAE

I hope everyone appreciates the fast action taken by our local fire departments in an emergency.

Proof of the pudding came over the week-end with a fire at the old Denman Farm now owned by Temple Smith.

It seems that the Antioch, Lake Villa and Newport fire departments all three answered the call and since no one was really sure whose area the fire was in, all three stayed to put out the fire in a barn that had 50 tons of hay inside.

Congrats to Karen Tucker, Cimarron Way, who just completed the requirements for the board of governors bachelor of arts degree at the conclusion of the summer semester at Western Illinois University.

Coach DeSimone, of Elmhurst College's tennis team tells me that he's really depending on Jim Bucar this season because of his talent and stamina, as shown when he ran in the Chicago Marathon last fall.

It seems Bucar might take the number two slot both in the singles and doubles teams.

I got a notice from the Tops Club that meets every Wednesday, at 7:30 p.m. at the Old Fire Station in an effort to take off those extra pounds the group therapy way.

Looks like they've been peeking in my closet and have spotted all the popped buttons and seams, brought about by that good summer living.

Okay kids, see you there because I really need help.

I see that Jack Achs, who is a student at Northern Illinois University, just completed practical work in military leadership at the Army ROTC camp at Fort Riley, Kan.

Well, I've got a new dress and a new hat, they tell me that hats are back in, and I'll probably be the most stunning gal at the opening luncheon for the Antioch Women's Club.

It's going to be held at the beautiful Holiday Inn in North Chicago so anyone who hasn't made their reservations better hurry, deadline is Friday, Sept. 26.

Oops, old Annie Mae made a booboo last week and showed up for the Rotary Club's auction and barbeque a week early.

Oh well, I'll try again this Saturday. I'm going to get to the Antioch Auction Center early, before 6:30 p.m., so I can get the biggest pork chop and decide which one of the great items I'm going to bid on.

And please no one call me before noon on Sunday because I intend to dance all night to the music of the Manhattan Skyline.

Raiders win over Eagles

The game between the Raiders and the Eagles was full of excitement down to the last play.

Running backs Steve Behrendt and Brian Horn picked their holes and gained many yards.

In the second quarter, Brian Horn had an 11 yard dash for the touchdown and

also ran for the extra point.

In the second half, good blocking by Wade Kilman, Randy Montrimas, and Larry Wegel enabled Brian Horn to pass to Damon Horn for the score. The extra point was scored by Steve Behrendt.

With 3:36 left in the game, the Eagles' Joel Bachochin,

scored a touchdown on a six yard run. The point after failed.

The tackling highlights, for the Raiders, were made by Jim Hernandez, Bill Letkey, Damon Horn and Richard Rudolph.

Final score: Raiders 14, Eagles 6.

Wauconda sinks Sequoits by close 15-14 margin

After losing their first three games, Antioch's Sequoits head into their home opener this Saturday against Lake Zurich.

Offensively, the Sequoits seemed to be improving as they gained 174 yards on the ground while they were losing to Wauconda by a close 15-14 on Sept. 20.

Coach Steve Wapon is optimistic about this Saturday's game saying, "We have improved tremendously in our offensive attack."

"Our problem is we have to play four quarters and we can't let mistakes break our concentration," he continues.

Wapon said that he had a hard time accepting the loss of the first conference game alluding to the fact that a

season is not won or lost by the first game.

The Sequoits scored the first touchdown with just seconds remaining in the first quarter but missed the point after leaving the score, 6-0.

Antioch scored again in the third quarter on a 38 yard run by quarterback Bob Heffernan and Bob Thain passed to Terry Dewar on a fake kick to make the two point conversion good, making the score 14 to zip.

Then the fatal fourth quarter came and Wauconda scored the 15 points that gave them the close victory.

Heffernan had four carries for a total of 38 yards which included the touchdown run while Mark Pomazak carried 13 times to gain a total of 78 yards for the en-

tire game.

Scott Wolf, Ted Bessette, Carl Amundsen and Pomazak were a strong defensive front four while John Domkowski, John Eckert and John Lloyd did a good offensive blocking job.

Ed Warner also had a good game pulling in two passes, for 20 yards.

The turning point of the game came when the Sequoits allowed an errant punt to cause a 31 yard loss, giving Wauconda good field position for their first touchdown.

The two fumbles in the last quarter along with two penalties against the Sequoits all were a big help to the Wauconda Bulldogs.

In capsuling the loss Wapon said, "We were our own worst enemy."

Sequoit hockey wins

Antioch High School's field hockey varsity is off to its best start ever with victories over perennial Powers Lake and Oak Park.

The regular season began Sept. 15 with a 2-1 victory over Lake Forest.

Antioch's Shelley Ester, assisted by Jill Harland, scored first early in the game.

After a Lake Forest goal tied the score at 1-1 Cheryl Thamerus, also assisted by Jill Harland, scored to provide the margin of victory.

The defense contributed a fine unified effort to hold the Scouts scoreless in the second half.

The game was the first victory by Antioch over Lake

Forest ever.

On Sept. 17 Antioch traveled to Oak Park and scored a 1-0 triumph against the Huskies.

Laurie Ogden, assisted by Renee Petykowski, scored the only goal of the game mid-way through the first half.

Oak Park applied continuous pressure offensively in the second half, but another fine game by the defense: Peg Ducummon, Laurie Ogden, Tracy Manuel, April Oaks, Kathy Feldman and Sharron Nelson, enabled the Sequoits to hang on for the victory.

Antioch host's Woodstock on Wednesday, Sept. 24 and Rockford West on Friday, Sept. 26.

Cancer Bike-A-Thon slated for Sept. 28

BIKE-A-THON CHECKPOINT — This is Checkpoint three in the Antioch American Cancer Society Bike-A-Thon. Jaycee members, Kevin Lyons, Don O'Conner, and Ray Utterback are busy marking riders' checkpoint cards during the 1979 Bike-A-Thon, validating that they have ridden the seven mile route. This year's Bike-A-Thon begins at 9 a.m., Sunday, Sept. 28, at the Antioch Fire Station on Orchard Street. Applications and sponsor sheets are available at all area schools, the State Bank of Antioch, The Shoe Box, Four Squires, and the Village Hall.

Cancer Bike-A-Thon route

Review pioneer crafts with museum assn.

Local area crafts people will be demonstrating their skill for the benefit of the public from 1 to 4:30 p.m., Sunday, Oct. 12, at the Lake County Museum, Wauconda.

The event is the eighth Annual Pioneer Craft Show to be sponsored by the Lake County Museum Assn., a volunteer museum

assistance group. Admission to the museum is 50 cents for adults, 25 cents for students and senior citizens. Pre-schoolers are admitted free as are museum association members who display their current membership cards.

County gives misinformation

Incorrect information on the charge for mailing copies of the Antioch News has been issued by the county in connection with the prospective publication of real estate assessment changes.

Persons interested in receiving a copy of The News containing assessment changes

should send 30 cents to cover handling and mailing to The Antioch News, 952 Main St., Antioch.

Current copies of The News are available at the office or community newsstands for 15 cents. Back issues are available at the office for 25 cents.

Pres Reckers, Chairman of the Antioch Cancer Society Bike-A-Thon, to be held Sunday, Sept. 28, says that the response from children and adults for their rider entry blanks has been excellent, indicating that this year's event could be the "best ever".

This year's route in Antioch will again cover seven miles, starting at the Antioch Fire Station on Orchard St., west to David St., south to Lake St., west to Tiffany Rd., north to North Ave., east to Deep Lake Rd., south to Little Silver Lake Rd., and west to starting

point. (see map).

Participants are encouraged to ride the route as many times as they are able, but no one will be able to pass through checkpoint one, the Fire Station, after 3 p.m.

The Bike-A-Thon starts at 9 a.m. and riders must begin only from the first checkpoint at the Fire Station. Other checkpoints are the Antioch Evangelical Free Church on Tiffany Rd., and the Atwood residence on Deep Lake Rd.

Entry blanks may be obtained from all area schools, the State Bank of Antioch, the Village Hall, The Shoe

Box, and Four Squires.

Prizes to be awarded to the top riders are a ten-speed bike, donated by the State Bank of Antioch, a three-speed bike, donated by The Shoe Box, and a one-speed bike, donated by Four Squires.

Antioch's annual Bike-A-Thon has become increasingly successful each year, due to the support and personal involvement of many members of the community, including the Antioch Fire Department, Police Department, and Jaycees.

PM&L's 'Our Town' has excellent cast!

by GLORIA DAVIS

Thornton Wilder wrote a theatrical classic when he penned "Our Town" the production that opened PM&L's 20th season last Saturday, and the well known Antioch players gave fittingly classic performances.

The story of the trials and tribulations of people in a small town, much the same as Antioch, during the the early part of the 20th century, makes, one at times, yearn for the return to the simple life lived by these New England folks.

Two top-notch performances are turned in, great accents and all, by Don Beveroth as the Stage Manager and Lou Jones as Mr. Webb.

Very believable portrayals of the busy wives are given by Yvonne Dyer and Mickey Mandel and the same can be said for Frank Greenwood's interpretation of Dr. Gibbs.

Anthony Starke and Jeannie Lindgren, who play the two young lovers, George and Emily, not only look good but are disarmingly charming.

The program claims that the entire play takes place in the audience's imagination, a fact really brought to fore by the black curtain scenery and the most effective use of spotlights and a few props.

The applause of the full house that attended the opening night performance on Saturday re-acclaimed the quiet and charming value of this often done, but always welcome, bit of Victorian Americana, as performed by this excellent cast, and directed by the capable Tom Hausman.

Seats are still available at this week-end's as well as for those performances scheduled for October's first Friday and Saturday.

NOTICE OF PROPOSED CONSTITUTIONAL AMENDMENT

Pursuant to law public notice is hereby given that the following proposed amendment to the Illinois Constitution will be submitted on a separate blue ballot to the electors of the State of Illinois for adoption or rejection at the General Election to be held on November 4, 1980.

**PROPOSED
AMENDMENT
TO SECTION 1, 2
AND 3
OF ARTICLE IV**
(Proposed changes in the existing Constitutional provision are indicated by underlining and by crossing with a line all matter which is to be omitted.)

**ARTICLE IV
SECTION 1.
LEGISLATURE —
POWER AND
STRUCTURE**
The legislative power is vested in a General Assembly consisting of a Senate and a House of Representatives, elected by the electors from 59 Legislative Districts and 118 Representative Districts.

**SECTION 2.
LEGISLATIVE
COMPOSITION**
(a) One Senator shall be elected from each Legislative District. Immediately following each decennial redistricting, the General Assembly by law shall divide the Legislative Districts as equally as possible into three groups: Senators from one group shall be elected for terms of four years, four years and two years; Senators from the second group, for terms of four years, two years and four years; and Senators from the third group, for terms of two years, four years and four years. The Legislative Districts in each group shall be distributed substantially equally over the State.

(b) Each Legislative District shall be divided into two Representative Districts. In 1982 and every two years thereafter one Representative shall be elected from each Representative District for a term of two years.

Three Representatives shall be elected from each Legislative District for a term of two years. No political party shall limit its

nominations to less than two candidates for Representative in any Legislative District. In elections for Representatives, including those for nomination, each elector may cast three votes for one candidate or distribute them equally among no more than three candidates. The candidates highest in votes shall be declared elected.

(c) To be eligible to serve as a member of the General Assembly, a person must be a United States citizen, at least 21 years old, and for the two years preceding his election or appointment a resident of the district which he is to represent. In the general election following a redistricting, a candidate for the General Assembly may be elected from any district which contains a part of the district in which he resided at the time of the redistricting and reelected if a resident of the new district he represents for 18 months prior to reelection.

(d) Within thirty days after a vacancy occurs, it shall be filled by appointment as provided by law. If the vacancy is in a Senatorial office with more than twenty-eight months remaining in the term, the appointed Senator shall serve until the next general election, at which time a Senator shall be elected to serve for the remainder of the term. If the vacancy is in a Representative office or in any other Senatorial office, the appointment shall be for the remainder of the term. An appointee to fill a vacancy shall be a member of the same political party as the person he succeeds.

(e) No member of the General Assembly shall receive compensation as a public officer or employee from any other governmental entity for time during which he is in attendance as a member of the General Assembly.

No member of the General Assembly during the term for which he was elected or appointed shall be appointed to a public office which shall have been created or the compensation for which shall have been increased by the General Assembly during that term.

SECTION 3. LEGISLATIVE REDISTRICTING

(a) Legislative Districts shall be compact, contiguous and substantially equal in population. Representative Districts shall

be compact, contiguous, and substantially equal in population.

(b) In the year following each Federal decennial census year, the General Assembly by law shall redistrict the Legislative Districts and the Representative Districts.

If no redistricting plan becomes effective by June 30 of that year, a Legislative Redistricting Commission shall be constituted not later than July 10. The Commission shall consist of eight members, no more than four of whom shall be members of the same political party.

The Speaker and Minority Leader of the House of Representatives shall each appoint to the Commission one Representative and one person who is not a member of the General Assembly. The President and Minority Leader of the Senate shall each appoint to the Commission one Senator and one person who is not a member of the General Assembly.

The members shall be certified to the Secretary of State by the appointing authorities. A vacancy on the Commission shall be filled within five days by the authority that made the original appointment. A Chairman and Vice Chairman shall be chosen by a majority of all members of the Commission. Not later than August 10, the Commission shall file with the Secretary of State a redistricting plan approved by at least five members.

If the Commission fails to file an approved redistricting plan, the Supreme Court shall submit the names of two persons, not of the same political party, to the Secretary of State not later than September 1.

Not later than September 5, the Secretary of State publicly shall draw by random selection the name of one of the two persons to serve as the ninth member of the Commission.

Not later than October 5, the Commission shall file with the Secretary of State a redistricting plan approved by at least five members.

An approved redistricting plan filed with the Secretary of State shall be presumed valid, shall have the force and effect of law and shall be published promptly by the Secretary of State.

The Supreme Court shall have original and

exclusive jurisdiction over actions concerning redistricting the House and Senate, which shall be initiated in the name of the People of the State by the Attorney General.

TRANSITION SCHEDULE

This Amendment shall take effect the day following its passage and shall govern the Primaries and the General Election to be held in 1982 and thereafter.
